

Youth Restoration Training Crew – Crew Lead

Job Description

POSITION DESCRIPTION:

The Crew Lead assists the Environmental Program Manager with day-to-day management of the Youth Restoration Training Crew. The Youth Restoration Training Crew provides paid training for youth (aged 16-24) in restoration techniques, job skills, and environmental education, while completing environmental restoration work in South King County Parks

Responsibilities

- Works on restoration projects alongside youth crew members under the leadership of the Environmental Program Manager.
- Supports the Environmental Program Manager in managing the youth crew.
- Supervises 5–13 person crew independently for periods of the day.
- Helps to keep crew members on task and following expectations.
- Answers crew member questions about how to complete restoration work.
- Checks to make sure that restoration work is being completed thoroughly and following best management practices.
- Develops and maintains positive relationships with youth crew members.
- Additional opportunities to help activities coordinator in providing environmental education if interested.
- Opportunities to help direct restoration work as appropriate.
- Tool maintenance.

QUALIFICATIONS AND EXPERIENCE:

- Experience supervising and working positively with youth, aged 16-24. Comfortable with behavior management for this age group.
- Ability to model jobs skills, professionalism, and good working behavior for youth.
- Knowledge of, and experience with, common restoration techniques and best management practices. Includes: plant installation, ivy removal, blackberry removal
- Access to a personal vehicle, and ability to transport some crew tools.
- Willingness to maintain a positive attitude.

PREFERRED QUALIFICATIONS

- Experience working with immigrant, refugee and BIPOC communities.
- Knowledge of common Pacific Northwest native and invasive plants – ability to recognize and name.
- Comfort safely using hand tools and working outdoors in all conditions.
