www.ymcaearthservicecorps.org

Everyone is welcome. The YMCA of Greater Seattle strengthens communities in King and south Snohomish counties through youth development, healthy living and social responsibility.
Financial assistance is available.

Join us for the annual Environmental Leaders Summit!

Join local teens and adults from around the Puget Sound to discuss the environmental issues facing our communities. Share ideas, talk with environmental professionals, and connect with your peers about the environmental topics you care about. Take action at the Summit's opportunity fair, where environmental organizations will share ways to get involved. Join community leaders and young environmentalists for a day of dialogue and action as we strive to create more sustainable schools and neighborhoods!

There is no cost for this in-person event, but registration is required and space is limited.

Teachers: contact us at cwheeler@seattleyymca.org to bring a group!

Youth: follow the QR code to register individually!

NEED A RIDE? Transportation is available from select locations and is contingent on reaching a minimum number of riders. Seats are reserved on a first-come first-served basis. Contact us to see if there is a pickup location near you!
