

Predoctoral Instructor - ESRM 331 – Landscape Plant Recognition

Department: School of Environmental and Forest Sciences
Quarter Available: Spring Quarter 2025 (03/16/2025-06/15/2025)
Application Deadline: Thursday, February 27th, 2025 @ 5:00PM. Applications remain open until the position is filled.

Course Description:

Field recognition of important groups of woody landscape plants, emphasizing diversity at the genus and family levels. Cultivated plant nomenclature. Plant descriptive characters evident in the field with eye and hand lens. Hardiness and landscape applications.

Duties and Requirements:

The Predoctoral Instructor (PDI) will have full responsibility for teaching the course, including all lectures, virtual field trips, assignments, exams, grading, creating make-up assignments, and answering student questions. This course will have one Teaching Assistant (TA), and the PDI will supervise this TA to support all aspects of teaching this course.

Graduate student applicants must be making satisfactory academic progress.

Salary:

This salaried ASE position is 60% FTE (24 hrs/week). Predoctoral Instructor appointments pay graduate students at the Candidate rank, which is \$3,949/month in AY 2024-25.

How to Apply:

Please fill out the included [SEFS ASE Application Form](#), attach your r  sum  /CV information, and submit your application via this [SEFS Application Submission Form](#). Any application questions should be directed to Levi Sy, at sefsmain@uw.edu.
