Community-Centered Integrative Practice (CCIP) Specialization & Practicum Information Session

**Monday, January 5th, 2026
from 5:30 pm - 7:00 pm**

[Zoom \(Register Here\)](#)

About CCIP

The Community-Centered Integrative Practice (CCIP) specialization prepares social workers to lead and collaborate in transformative, community-rooted efforts that advance collective well-being, healing, and justice. CCIP intentionally seeks to move beyond the micro-macro divide toward an integrated praxis in which micro, mezzo, and macro practice operate toward a vision of structural change.

What to Expect

You will meet faculty, students, alumni and Field Supervisors from the CCIP specialization
